About **COMPANY**

Established to serve the growing demand for advanced piping systems in the UAE, Al Hamraa Piping Solutions excels in supplying and supporting a comprehensive range of plastic piping products and related services. Our team of trained technicians and project specialists ensures top-tier execution, including installation, welding and testing, while maintaining compliance with international standards.

We are committed to providing dependable solutions, timely delivery, and technical support that help clients complete projects efficiently and sustainably.

Our **SERVICES**

Installations of HDPE

- Irrigation network
- Portable water supply
- Firefighting network
- Oil & Gas Plant
- Chilled water supply
- Drainage & Sewage network
- RO Plant

Installations of PVC, PPR Pipes & Fittings

- Supply of HDPE, PVC, PPR Pipes & Fittings
- Supply of HDPE Pipes & Fittings
- HDPE Puddle Flanges Fabrication & Installation
- HDPE Spool & Skid Fabrication.
- Pressure testing of HDPE Pipes
- HDPE Pipe Line Repairing Maintenance
- HDPE, PPR Machines & Equipment rental
- Fusion Welding of HDPE Pipes & Fittings

CORE SERVICES

HDPE FITTINGS & PIPES TRADING

We supply a wide range of high-density polyethylene (HDPE) pipes and fittings for water distribution, drainage, industrial fluid transport, and infrastructure projects. Our products are selected to meet performance, durability, and compliance expectations across multiple applications.

HDPE WELDING MACHINE TRADING

Al Hamraa provides state-of-the-art HDPE fusion welding machines — suitable for butt fusion, electrofusion and socket fusion. These machines support professional installation and ensure robust jointing for HDPE piping systems.

CORE SERVICES

HDPE MACHINE RENTAL

We offer flexible rental solutions for HDPE welding and joining machines, enabling contractors to access high-performance equipment on project-specific terms without long-term investment.

HDPE INSTALLATION & TESTING

Our certified technicians perform HDPE pipe installation and integrity testing, including fusion welding, pressure testing, leak detection and commissioning. We adhere to accepted industrial standards to ensure long-term system performance.

CORE SERVICES

HDPE PUDDLE FLANGE FABRICATION

Customized HDPE puddle flanges are fabricated to suit pipe connections to valves, tanks, and structural components — ensuring secure, leak-resistant interfaces in pipeline systems.

PLUMBING WORK — PPR, PVC, UPVC, CPVC INSTALLATION

We provide full-scope plumbing services including installation of PPR, PVC, UPVC and CPVC systems for residential, commercial, and industrial projects. This includes pipeline layout, joining, support and final commissioning.

WHY CHOOSE US

- Comprehensive Solutions: From supply and equipment to installation and testing – we cover the full project lifecycle.
- Technical Expertise: Skilled team trained in best practices for plastic piping and fusion technologies.
- Quality & Compliance: We source materials and equipment that comply with relevant standards and performance requirements.
- Customer-Centric Delivery: Timely execution, responsive communication and project support tailored to client needs.
